PRODUCT DESCRIPTION

SOTOA is a multipurpose wall and ceiling luminaire. As it may be installed both indoors and outdoors, it works well as illumination of corridors, basements, workhouses or workshops. It will also illuminate a garden or building's surroundings.

The luminaire is equipped with plastic cover in white. The cover holds the glass lampshade in a base and shields it from damages. The increased ingress protection rate (IP54) protects the lamp against moisture and

heavy weather conditions. The lampshade made of transparent glass lets through most of the luminous flux emitted by the installed bulb. It also ensures protection of the light source against external factors.

The lamp is intended for one E27 bulb (bulb not included) with max. power of 15W and 230V AC voltage. The users may choose a bulb according to their preferences.

The housing is made of solid plastic in white colour. The dimensions of the luminaire measures 125x115x180mm. Surface-mounted. The SOTOA lamp is available also in black.

TECHNICAL DATA

General information:

Nominal voltage [V]: 230 Lamp type: Żarówka Suitable for lamp power [W]: 15 Lamp holder: E27 Suitable for number of lamps: 1 With light source: nie Degree of protection (IP): IP54 Protection class: II Suitable for wall mounting: tak Suitable for ceiling mounting: tak Suitable for surface mounting: tak Material housing: Tworzywo sztuczne Colour housing: Bialy Material cover: Szkło przezroczyste Width [mm]: 125 Height/depth [mm]: 115 Length [mm]: 180 Voltage type: AC
