## SAFETY INSTRUCTIONS

**en** Read these instructions carefully before commencing installation and retain for future reference. The luminaire should be installed by a licensed electrician and in accordance with local regulations. Make sure that the power is off before installation or maintenance.

**sv** Läs dessa instruktioner före installationen påbörjas och lämna den vidare till brukaren av anläggningen.  Armaturen skall installeras av behörig installatör och enligt gällande föreskrifter.  Se till att spänningen är frånslagen före installation eller underhåll.

**fi** Lue nämä ohjeet ennen asentamista ja luovuta ohjeet valaisimen seuraavalle käyttäjälle.  Valaisimen saa asentaa valtuutettu asentaja voimassa olevien määräysten mukaisesti.  Varmista, että jännite on kytketty päältä ennen asennusta ja huoltoa.

**no** Les disse instruksjonene før du starter installeringen, og gi den deretter videre til anleggets bruker. Armaturen skal installeres av en godkjent installatør og i henhold til gjeldende lover og regler.  Sørg for at strømmen er koblet fra før installering og ved vedlikehold.

**da** Læs denne vejledning omhyggeligt, før installationen udføres og gem den til fremtidig brug. Armaturet skal installeres af en autoriseret installatør i henhold til gældende love og regler. Sørg strømmen er afbrudt før installation og vedligeholdelse.

**de** Lesen Sie diese Anweisungen sorgfältig, bevor Sie mit der Installation beginnen, und bewahren Sie sie für späteres Nachschlagen auf. Dieses Leuchtmittel muss durch einen lizenzierten Elektriker im Einklang mit den örtlichen Vorschriften installiert werden.  Stellen Sie vor Installations- oder Wartungsarbeiten sicher, dass keine Spannung mehr anliegt.

**pl** Przed przystąpieniem do instalacji należy się uważnie zapoznać z instrukcją i zachować ją na przyszłość. Oprawę oświetleniową powinien zainstalować uprawniony elektryk zgodnie z miejscowymi przepisami. Przed instalacją lub konserwacją wyłączyć zasilanie.

**fr** Lisez attentivement ces consignes avant de commencer l'installation. Pensez également à vous y reporter ultérieurement. Le luminaire doit être installé par un électricien agréé, conformément à la réglementation locale. Veillez à couper le courant avant l'installation et toute opération de maintenance.

Using the product for illegal purposes or in ways that violate applicable legislation or these Terms of Use is strictly prohibited.

Elektro Elco guarantees that personal information such as email address and name created in the application will be periodically cleansed from our cloud service. Elektro Elco is the data controller in our customer relationship and ensures this. Read more: https://www.hidealite.com/sv-se/om-oss/policies

Privacy and Data Protection – The use of the product may involve the collection and processing of personal data. If a person is captured in a photo, it is your responsibility to ensure that all such processing is in accordance with applicable data protection legislation, including GDPR where relevant.

Changes to the Terms — Elektro Elco reserves the right to change these Terms at any time. The latest version of the Terms will always be available on our webb www.hidealite.com

## Light setting mode

**There are three ways to set lighting**

**1. Auto mode**
a. Auto mode is on by default. The track light senses commodity information and tune the light automatically to a professional formula library.
b. Using auto mode, the sensor on the light will sense commodity information every 20 minutes by default.
c. Using other light setting method, like take photo or customization, will turn auto mode off. Turn "Auto mode" on in APP if use auto mode again.
d. Only Vision Pro have auto mode function

**2. Take photo**
a. Take a photo of target commodity or choose a photo from albums
b. "Draw a box" or "tap" on the target color and the light will be changed accordingly.
c. Auto mode will be turned off automatically.

**3. Customization**
a. Tap "Customization" on lighting setting page, user can tune the color, color temperature, saturation and brightness of the light.
b. Auto mode will be turned off automatically.

## Installation

OFF

`1`

`2`

Lock

Put the track adaptor into the rail, and rotate the knob

`3`

Select phase

`4`

360º
90º
90º
360º

`5`

Reset switch

Long press for 5 seconds to restore to factory settings

`6`

0.5-5M
65°

The distance between commodity and track light should be 0.5M to 5M, if 2M to 3M, the sense effect is the best, color sensor max angle is 65°

`7`

`8`
